THE HADAGUTFUL DIFFERENCE

Remote Australian destinations are our idea of 'getting away'. If you share that same dream, let us make it happen. Our aim is to provide as much freedom as you, our 'fellow adventurers', need to come back feeling refreshed and rejuvenated... call it 'Real Life Expedition Therapy'.

Hadagutful Expeditions provide personally guided off-road Australian adventures. With Hadagutful you will venture to extraordinary and idyllic Australian locations. We specialise in 5-18 day Overland Expeditions exclusively for just one, two or three guests. Hadagutful provides all equipment, catering and planning to ensure that your Expedition travels are truly extraordinary.

Hadagutful is different from other tour operators. Our Expedition travel is a 'hands-on' experience. You will get involved with camp set-up, building fires, and daily adventures. Choose to stay a little longer and not be on the go all the time. The Expedition will feel like it's your 'own', allowing you to have input into where you go and what we do.

AFTER ALL, HAVEN'T YOU HADGUTFUL?

CAPE LEVEQUE IN MAY

EXPEDITION SUMMARY

You're not here for a long time, so let's make it a good time.

The Dampier Peninsula offers unspoilt coastlines that are truly magnificent. A dream destination where you'll experience the whitest of sands....the clear blue waters contrasting against the red pindan cliffs. Unobstructed skies magnify these colours throughout the day, culminating with the most amazing evening display as you watch in awe.

Camp beachside and catch dinner straight from the sea. Experience the culture and history of the local indigenous communities. Visit the Pearl Farms and stay at Kooljaman, an indigenous owned and operated wilderness camp where you can learn to fish and catch mudcrabs the traditional way.

Enjoy snorkelling and swimming in crystal clear blue waters, beachcombing for shells or learn about bush tucker.

The Dampier Peninsula when seen from the air will blow you away should you choose this activity.

Start and finish dates allow sufficient time either side for other Broome activities such as the Horizontal Waterfalls or Cable Beach camel rides at sunset [own arrangements]

IT DOESN'T GET ANY BETTER THAN THAT!

A TRIP NOT TO BE MISSED

CAPE LEVEQUE IN MAY

16.40° S, 122.93° E

The Dampier Peninsula is breathtaking for people from other states or overseas. Experience white, white sand, the bluest of blue shades of water contrasting against the stunning red cliffs. This trip is designed for the traveller with a little less time, but will still get you away from the commercial side of Broome.

We'll start off by visiting the Willie Creek Pearl Farm and do their 3 hour tour, followed by a lunch. This is the perfect introduction to each other as we embark on our short journey together.

We'll free camp along the stretch of beach leading up to James Price Point – take your pick of Barred Creek or Quondong Point. You might even catch your dinner off the beach.

Experience the culture and history of the Lombadina Aboriginal Community. A visit to the Mother or Pearl Church at Beagle Bay is a must as we make our way towards Middle Lagoon. The fishing off the beach is worth a try and if that doesn't work, sit back and watch the setting sun over the water. Crank up the fire, open a nice bottle of wine and if missing out on landing a fish is the worst part of your day, then you've got nothing to worry about. Life's still pretty good.

Kooljaman is the jewel in the Cape Leveque crown. We'll book their rustic beach shelters [subject to availability] for a few nights and just stay put for the next few days. A chance for you to really unwind.

Recharge your batteries and clear your head with a fishing rod in one hand, a beer in the other, swapping stories around the fire pit.

CAPE LEVEQUE IN MAY continued.....

We'll book a couple of Cultural activities with Bundy. He does tours that show the traditional indigenous way of life. There's a very interesting Coastal Adventure Tour included which goes for 3-4 hours where we'll learn about the region's history and hear the Dreamtime stories of the Bardi people. Afterwards we'll try our hand at spearing a fish or mudcrab and cook it up on the beach.

He also does a night fishing tour where we'll experience the marine life at night. Fish for bluebone, coral trout and mangrove jack. Bundy will bring along the spears as we try to catch fish the traditional way. Reef shoes are essential for this activity, or some old runners you don't want to take home.

This might also be an opportunity to launch the tinny as we camp directly beside the waters edge. There's plenty of fish in these waters, so if the sea gods are kind to us we may just catch dinner.

Our last nights accommodation is at Gumbanan Bush Camp, one of the best kept secrets of the Dampier Peninsula. Home of the Davey Family, where their traditions and family are forever an integral part of the Dampier Peninsula. There's nothing booked here so we'll just play it by ear depending on our available time.

Cape Leveque and the Dampier Peninsula are a stunning part of Australia where you will enjoy an amazing 6 days, a mixture of pure relaxation and cultural immersion. We'll get you back into Broome late afternoon, leaving you the weekend to do some other Broome experiences - perhaps a plane trip to the Horizontal Waterfalls or a Camel ride on Cable Beach at sunset.

CAN IT GET ANY BETTER THAN THAT?
